“The SE University program has been tremendous for our firm. The topics are interesting and relevant, the speakers engaging and prepared. Now in our second year, we have found that the convenience and price cannot be beat. The staff at SE Solutions is clearly in tune with the needs of the structural engineering community.”

- Rob Stevenson, P.E.
LHC Structural Engineers
Raleigh, North Carolina

WHAT IS SE UNIVERSITY?

SE University is a unique resource for Structural Engineers focused on helping you improve your business. This is done by providing important information on a wide variety of critical topics, using multiple formats. SE University connects you with industry experts so that you can learn from their experiences.

LEARN

“SE University has become an integral part of our training and continuing education program. The subject matter is relevant and timely. The format is very cost-effective and beneficial as it allows our staff to attend each session in our own conference room and have a concurrent open discussion about how best to utilize the information presented.”

- Don Corson, P.E.
American Structurepoint, Inc.
Indianapolis, IN

WHAT ARE SOME OF THE TOPICS COVERED BY SE UNIVERSITY?

- Design of Buildings to Resist Progressive Collapse
- Key Considerations for the Attachment of Facades to Structures
- Seismic Considerations for Non-Structural Elements
- Best Practices: Integrating Structural Software with BIM Software
- Understanding the Direct Analysis Method in the AISC 13th Ed.
- Technology for Improving Steel Shop Drawing Review
- Design of Tilt-Up Wall Systems
- Managing Multiple Priorities; Improving your Time Management
- Legal Issues in Integrating BIM into your Office
- Practical Steel Seismic Connections (R>3)
- Ethics: A Case Study for Structural Engineers
- Geotechnical Considerations for Structural Engineers
- Understanding Dynamic Analysis
- Increasing your Efficiency with Revit Structure (6 part series)

WHY INVEST IN SE UNIVERSITY?

- Learn about innovative ways to improve your company
- Look at new ways of working that might allow you to win more work, and be more productive on the jobs you do win
- Provide additional helpful resources to your staff while also reducing your cost, all from the comfort of your own office
- Stay on the leading edge of current topics affecting structural engineers
- Reduce risks associated with structural engineering

SE UNIVERSITY PROVIDES YOUR COMPANY WITH ACCESS TO THE FOLLOWING:

- Live Monthly Web Based Seminars (SEU Core Sessions)
  - Regularly scheduled for the 2nd Wednesday of each month from 12:30 - 2:00 pm ET
- SEU BIM Forum Sessions
- SEU Legal Sessions
- Access to SEU Online, which includes the following:
  - SEU Tech Corner: view recorded “how to” videos for various software tools
  - SEU Collaborate: ask questions and get answers from our panel of experts, or answer those questions where you feel you have advanced knowledge

PDH certificates provided for each session. Contact us for more information.

INNOVATE

“...we have already decided to renew our subscription. We have been extremely pleased with the presentations. Even the President has commented on the benefit of your sessions.”

- Paula Dombrowski, P.E.
  Steven Schaefer Associates
  Cincinnati, OH

“Our firm has found SE University to be an ideal resource for the continuing education of our staff. The topics are always relevant, interesting and presented by experts in the respective subject matter. Our entire staff is able to gain as much knowledge (if not more) in the 1 1/2 hour long sessions as one or two of us often get from full-day seminars which require travel and more time away from production...AND for a fraction of the cost.”

- Rob Dee, P.E.
Lynch, Harrison & Brumleve
Indianapolis, IN
