

## 2011 SE UNIVERSITY SESSIONS

Recordings available for all sessions

DATE	TITLE AND INFORMATION
January 12, 2011	<b>Understanding Steel Connections, Including Seismic R=3</b> Speaker: Steve Ashton, P.E., SECB – Ashton Engineering and Detailing
February 9 & 10, 2011	<b>Practical Steel Seismic Connections (R&gt;3)</b> <b>1-hour session (12:30 – 1:30) each day</b> Speaker: Kevin Moore, S.E. – Certus Consulting
March 9, 2011	<b>Understanding Dynamic Analysis</b> Speaker: Sam Rubenzer, P.E., S.E. – FORSE Consulting
April 13, 2011	<b>Being Successful in your Firm; 6 Important Steps to Help you and Your Company</b> Speaker: Anthony Fasano, P.E., LEED AP, CPC – Powerful Purpose Associates
May 11, 2011	<b>Design of Tilt-Up Wall Systems</b> Speakers: John Ashbaugh, P.E. & Greg Riley, P.E. – Steven Schaefer Associates, Inc.
June 8, 2011	<b>Geotechnical Considerations for Structural Engineers</b> Speaker: Ehsan Kianirad, PhD, and Jean Louis Locsin, PhD – Haley & Aldrich
July 13, 2011	<b>Ethics; A Case Study for Structural Engineers</b> Speaker: Kim Roddis, PhD, P.E. – George Washington University
August 10, 2011	<b>Seismic Considerations for Non-Structural Elements</b> Speaker: Scott Campbell, P.E. – Structural Analysis Consulting Group
September 14, 2011	<b>Understanding and Detailing for Wood Shrinkage</b> Speaker: Doug Steimle, P.E. – Steven Schaefer Associates, Inc.
October 12, 2011	<b>Interpersonal Communication for Structural Engineers</b> Speaker: Jon Stigliano – Strategic Solutions Group
November 9, 2011 and November 15, 2011	<b>Diaphragm Considerations for Structural Engineers and Best Practices for Modeling Diaphragms (1 hour)</b> Speaker: Allen Adams, S.E. – Bentley Systems
December 14, 2011	<b>ASCE7-10 – General Seismic Design Requirements for Buildings</b> Speaker: John Hooper, S.E. – Magnusson Klemencic Associates

## SEU SUPPLEMENTAL SESSIONS - 2011

During selected months, SE University augments the lineup with an additional one hour session where we provide answers to questions from subscribers on a variety of topics. These sessions are available to SE University subscribers at no additional charge

### SEU BIM FORUM

**Featured Speaker: Elizabeth “Betsy” Werra**

DATE	TITLE AND INFORMATION
January 26, 2011	Increasing your Efficiency with Revit Structure Families.....What More Can I Say?
February 23, 2011	Increasing your Efficiency with Revit Structure Creating Standard Template Files in Revit Structure
March 23, 2011	Increasing your Efficiency with Revit Structure Creating a Proper Analytical Model in Revit Structure
April 27, 2011	Increasing your Efficiency with Revit Structure Best Practices for BIM Infrastructure Guest Speaker: Dave Pluke
May 25, 2011	Increasing your Efficiency with Revit Structure What’s New in Revit Structure 2012
September 28, 2011	Increasing your Efficiency with Revit Structure More on Creating Revit Structure Families
October 26, 2011	Increasing your Efficiency with Revit Structure Creating Trusses in Revit Structure 2012 (Intermediate)

### SEU LEGAL FORUM

**Featured Speaker: Matthew Rechten, PE, Esq.**

DATE	TITLE AND INFORMATION
August 24, 2011	Malpractice: A Tort Primer for Structural Engineers
