October 27, 2016 – The International Association for Continuing Education and Training (IACET) has awarded accreditation status to SE Solutions, LLC (Parent company of the **SE University** program). IACET Accredited Providers are the only organizations approved to offer IACET Continuing Education Units (CEUs). The accreditation period extends for five years, and includes all programs offered or created during that time. These CEUs are recognized, accepted, and even required by many state agencies and credentialing organizations.

“SE Solutions is committed to helping structural engineers get the highest quality continuing education on a wide variety of topics via the **SE University** program” stated Lisa Willard, PE, Vice President of SE Solutions. She added, “Our new partnership with IACET demonstrates our commitment to high standards for all of our programs, and we are very pleased to join an elite group of organizations that offer excellent continuing education and training programs.”

“We are pleased to continue our relationship with SE Solutions, LLC as an Accredited Provider,” stated Lori Schnaider, president of IACET. Schnaider added, “SE Solutions joins nearly 600 organizations around the globe that have had their programs audited by third-party continuing education experts to ensure the highest possible standards are met.”
